

Estes Park & Rocky Mtn. Nat'l Park

(7 Days, 6 Nights)

Day 1:

Today is a leisurely driving day to **Hays, KS**. You'll see the rolling hills of Kansas and a couple giant windfarms along the way. We'll also find something interesting along the way to break up the monotony.

Day 2 :

We continue our journey westward to **Estes Park, CO**. It's another fairly long travel day, so once we arrive at our cabins, we're going to spend a relaxing evening sitting on the river bank.

Day 3:

Rise and shine. After breakfast we'll take a ride to the top of **Rocky Mountain National Park**. You'll see stunning views and hopefully an abundant amount of wildlife so have your camera ready! If the weathers right we'll stop at an overlook for a picnic before heading back to our cabins for a nap and some free time to visit, shop, fish and make plans for what you're going to do tomorrow.
